1. Introduction & Welcome

The 2015 Sasol Rally marks the 24th year that Sasol Oil is sponsoring the rally in the beautiful surroundings of Mpumalanga, one of the provinces in the Republic of South Africa. The event is organized by the South African Motorsport Club (SAM) and we are extremely proud of this true partnership with Sasol Oil. A big welcome to all potential competitors, officials and spectators, you are all invited to be part of the best National Rally on the calendar.

The 2015 Sasol Rally also welcomes for the fourth year the African Rally Championship (ARC), competitors, service crews, spectators and our FIA Officials to our event and encourage you all to make use of all the facilities that have been provided to help to make your stay enjoyable.

The 2015 Sasol Rally will be run in compliance with the FIA International Sporting Code and its appendices, the 2015 FIA Regional Rallies Championships Sporting Regulations, the 2015 FIA African Rally Championship Regulations, the provision of the South African National Sporting Regulations which comply with the FIA regulations and the Supplementary Regulations for this event .

2. Event History

The 24th running of the Sasol Rally by the SA Motorsport Club (SAM), and this year the second round of the SA National Rally Championship Series 2015, as well as part of the FIA African Rally Championship is being finalized and promise to be once again one of the biggest fuelled-up raves in the forests around Sabie, Graskop, White River and Nelspruit. Rallying in South Africa is getting bigger, better and more competitive every year and the Sasol rally is undoubtedly the most popular rally on the calendar for competitors as well as spectators.

Although an event of this nature must inevitably produce disruption for the local communities, there is well deserved compensation in that extra revenue generated in the towns and the regions. Widespread television coverage of the event also provides the towns with exposure throughout South Africa and Africa.

Indemnity – Motorsport is Dangerous

While the promoters and Organisers of this rally meeting have taken every reasonable precaution for the safety of the spectators, it is impossible to guarantee their safety in views of the high speeds attained by the competitors. Admission is therefore granted upon the clear understanding that any spectator attending the meeting appreciates the risks involved and waives for himself/herself, his/her successors, assignees or dependants, any claim or claims which he/she might, save for this waiver, have against the promoters, organizers of beneficiaries or the owner/lessor of the property, in respect of any injuries or damage, however arising which he/she may suffer while attending this rally meeting.

A Spectators Programme will be published and made available to the public the week before the event and the document will also be available on the websites www.fia.com, [www.africanrallychampionship](http://www.africanrallychampionship.com), www.sasolracing.co.za, www.rallyworld.net and www.rallystar.co.za. There will be directions to get to the stages, GPS co-ordinates, maps and the roads will be clearly marked as how to get to the spectator points.
